

ENHANCE YOUR RESIDENTS' EXPERIENCE THROUGH HIGH END IN-HOME SERVICES

Deliver the utmost convenience and satisfaction to your residents by placing essential and modern in-home services right at their fingertips.

Usewalter is dedicated to elevating the residential living experience, and will transform your building into a community by connecting tenants with local service providers. The digital concierge feature will connect residents with high end in-home services such as housekeeping, personal training, dog walking and so much more. The digital concierge allows residents to rely on one single app as well as provides a sense of trust in the services they select.

DISCOVER THE DIGITAL CONCIERGE

Usewalter's digital concierge will provide value and convenience through high end local services.

ELEVATING YOUR RESIDENTS' EXPERIENCE IS OUR PRIORITY

The tools and services you provide your residents can have a direct impact on their satisfaction. Usewalter makes it easy for residents to take advantage of all that surrounds them.

- Customize and curate the local services that are offered in the building.
- Facilitate and simplify your residents day-to-day via the digital concierge, which allows them to book in-home services.
- Streamline your residents payables by collecting fees and payments directly via the platform.

“As a resident living in a condo for 4 years now, I've never been happier that my property manager uses Usewalter for the services offered in the app. It makes my life so much easier. I can order a cleaning for my condo in **only 3 steps** and have **everything handled in the app.**”
