electronic document preparation and management (EDPM). Two other impressive Jamaican nationals – Carlene Douglas and Alwin McKenzie – teaching at the same school, are responsible for an ...

This book covers the new EDPM CSEC syllabus to be taught from September 2011. It introduces computing fundamentals, electronic communication and keyboarding techniques before teaching the Microsoft Office (2003 - 2010) skills required by the course. Next, students are shown several aspects of document preparation, complete with sample documents. After covering document management and ethics, it gives SBA tips and exam papers (with answers included on the CD). Exercises and summaries are found at the end of each chapter. The accompanying CD-ROM is packed with material including interactive revision questions, PowerPoint presentations, tutorial videos, exercise files and a comprehensive glossary.

Completely matching the CXC syllabus, Electronic Document Preparation and Management for CSEC provides comprehensive coverage and is a key text for all students taking the exam. This book offers plenty of examples showing processes step by step, Activities, Tasks and Test Yourself, along with exercises that meet the requirements of the SBA.

This workbook accompanies the successful Electronic Document Preparation and Management for CSEC® student book, but can be used alongside any EDPM textbook. It provides a wealth of practice activities and can be used for in-class, homework or revision work to help ensure you reach your potential in the CSEC® examination.

HIMSS' Certified Associate in Healthcare Information and Management Systems (CAHIMS) certifi cation offers a pathway to careers in health information technology (health IT) for associate-level, emerging professionals, or those who would like to transition to health IT from other industries. The CAHIMS Review Guide is the ideal resource for those preparing for the CAHIMS Certifi cation Exam—or looking for a comprehensive 'health IT 101' guide. Content in the CAHIMS Review Guide reflects the CAHIMS exam content outline. Content is divided into three topic categories: organizational and technology environments; systems analysis, design, selection, implementation, support, maintenance, testing, evaluation, privacy and security; and leadership and management support. Each chapter includes learning objectives

for tracking progress in understanding and articulating the content. Practice exam questions at the end of the book reinforce key concepts explored throughout the book. The CAHIMS Review Guide also features a glossary of acronyms used throughout the book for easy reference during exam preparation and 'on the job' reference after certification.

This exam preparation guide provides extra support for students studying for their Business Management for the IB Diploma examination, for first teaching in 2014. Case studies and structured questions provide opportunities to practise and assess progress, which helps to build students' confidence. In addition, a focus on numeracy skills gives extra support with this particular aspect of the course. The resource encourages students to think critically and strategically about organisational behaviour. Answers to the exam preparation guide questions are online.

"This book examines the impact of Homeland Security Information Systems (HSIS) on government, discussing technologies used in a national effort to prevent and respond to terrorist attacks and emergencies such as natural disasters"--Provided by publisher.
