Three Basic Series of Freezer Racks

UF-Series

Stainless-Steel Upright
Freezer Racks for
Standard Boxes

UF-442 Shown

UF-Series Racks are for Regular Upright Freezers and store standard cardboard, plastic polycarbonate boxes in individual compartments. Racks are made with high quality corrosion resistant stainless steel and include easy to access handles. Racks offer convenient access and control of samples in an organized fashion. Refer to Rack Configurator to determine which rack and how many are needed to maximize the sample storage capacity for your specific freezer.

UFD-Series

Stainless-Steel Upright
Freezer Drawer Racks for
Standard Boxes

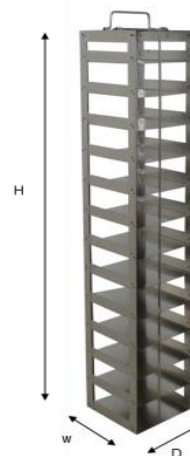

UFD-442 Shown

UFD-Series Racks are for Regular Upright Freezers and have sliding drawers that store standard cardboard, plastic polycarbonate boxes in individual compartments. Racks are made with high quality corrosion resistant stainless steel and include handles to facilitate access. Each drawer has a holder for card labels. UFD-Series Drawer Racks offer convenient access and control of samples in an organized fashion without having to move the whole rack. Refer to Rack Configurator to determine which rack and how many are needed to maximize the sample storage capacity for your specific freezer.

CF-Series

Stainless-Steel Vertical
Racks for Chest Freezers
& Liquid Nitrogen Tanks for
Standard Boxes

CF-13-2 Shown

CF-Series Racks are for Chest Freezers and Liquid Nitrogen Tanks and store standard cardboard, plastic polycarbonate boxes in individual compartments. Racks are made with high quality corrosion resistant stainless steel and include handles to facilitate access. A stainless steel locking rod comes with each rack to keep boxes securely in place. Each rack has two handles that may be easily raised to facilitate access and handling. Racks offer convenient access and control of samples in an organized fashion. Refer to Rack Configurator to determine which rack and how many are needed to maximize the sample storage capacity for your specific freezer.

Simple 4-Step Guide to Determine your Freezer Rack Requirement

1. What type of Freezer do you have?

Upright Freezer.....

Chest Freezer.....

Liquid Nitrogen Tank.....

2. What will be stored ?

2" Boxes

3" Boxes

15ml or 50ml Conical Centrifuge Tubes

96 -well plates, Deep-Well plates, Microtube plates

3. Determine Internal Shelf Dimensions of Freezer

Height

Length (front to back)

Width

4. Determine Racks Needed

Refer to Style of Rack (**UF**, **UFD** or **CF** Series) to get Rack Dimensions

Identify Rack(s)

Number of Racks needed

Include Boxes to order if needed.

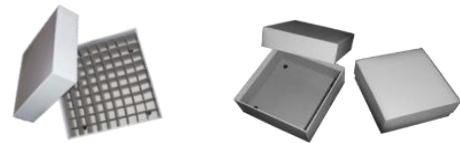

5. Still Can't Figure it Out ?

Refer to Rack Configurator Chart
