“ I can't stop thinking about you today teresa...you never knew just how much certain things you had done or said meant to me. You shared so much wisdom and definitely kept your place as a pillar of strength for me. I could tell you what was going on in my head and how I felt different or out of place or confused bout life and you understood...i so wish I knew how to handle this with the family. My absence is not because I don't care. I just don't know what I could do...i love you all and Teresa will always remain in my heart next to my mother. In my lifetime those two women prepared me and layed the foundation for what I should expect out of growing older as a woman. I was listening even if I chose different paths. I will be the woman Teresa and my mother wanted and hoped I'd be...you are all an amazing family that live by love, respect and loyalty. God bless you all.
