

**The Future of Computerized
Quilting... TODAY!**

IntelliQuilter®

BasiQ®+
on Nolting Fun Quilter

- ✓ The **iQ** can be installed on all major brands and models.
- ✓ The **iQ** has systems for every budget:
 - BasiQ®**: 9.7" tablet, pantograph-only \$7,950
 - BasiQ®+**: 9.7" tablet, supports custom quilting \$9,450
 - ClassiQ®-P**: 12" tablet, pantograph-only \$10,500
 - ClassiQ®-LT**: 9.7" tablet, full-featured software \$11,500
 - ClassiQ®**: 12" tablet, full-featured software \$12,500
- ✓ The **iQ** is installed professionally in your own studio by our knowledgeable technicians, who give you comprehensive hands-on training after the installation.
- ✓ The **iQ** grows with your needs and budget: you can start with the **BasiQ®** and upgrade all the way to the **ClassiQ®** model, step by step, at any time
- ✓ The **iQ** utilizes a simple, low-maintenance drive wheel technology to move your machine, just like the tires move your car.
- ✓ The **iQ** switches automatically between full freehand manual mode and computer control in less than 2 seconds; you just need to touch a button.

- ✓ The **iQ** uses a touch screen tablet with intuitive, easy to use functions and detailed help on every screen.
- ✓ The **iQ** software includes high-level pattern/quilt design and editing features, (you can create feathers, rays, background fills and tweak patterns to fit the piecing of the quilt, etc.), no third-party software is needed.
- ✓ The **iQ** tablet is detachable, you can design anywhere.
- ✓ The **iQ** is shown in over 150 instructional and demo videos on YouTube and Google Video.
- ✓ **iQ** owners can find extensive help with on-line technical support, an open Yahoo forum and hundreds of pages of educational material.
- ✓ The **iQ** has one-year warranty on the tablet, transferable lifetime* warranty on the rest of the system.
**parts are covered as long as they are in production.*

- Prices include delivery within the continental US, installation, demonstration, training and lifetime warranty on parts and labor. Customary travel expenses may be charged by the installers.
- As a unique service from IntelliQuilter, the **BasiQ®+** and **ClassiQ®** STANDARD systems' price also includes one year of continuing support by a dealer, providing not only technical assistance, but quilting advice, pattern design suggestions and more.
- Installation kits include mechanical parts that are required in order for the IntelliQuilter system to function at optimum performance on a given quilting machine. EdgeRider wheels are required and sold in addition to the installation kit for some models of Gammill, APQS, HandiQuilter and Innova quilting machines. The EdgeRider wheels can be purchased separately.
