Comments

“ Aunt Gladys my fondest memory of you was when you came down to Miami I guess it was 1967 and we all went to the beach and uncle Isiah went swimming at Virginia Key beach(the black beach at the time. We had a wonderful time. Over the years when we came to visit it was always a good time for us all the card games we played with uncle Lacy, You and all the rest of my family in McDonough who have gone on to glory will be missed, you were like the glue that kept the family together. Rest in peace aunt.

Love Jerry
