Set against the enchanting backdrop of 1960's Brooklyn, Extra Innings tell the story of a young man who is caught between pursuing his dream and staying devoted to his Syrian Jewish family that is afflicted with mental illness.

Extra Innings (2019) - IMDb  
Extra innings is the extension of a baseball or softball game in order to break a tie. Ordinarily, a baseball game consists of nine regulation innings, each of which is divided into halves: the visiting team bats first, after which the home team takes its turn at bat. However, if the score remains tied at the end of the regulation number of complete innings, the rules provide that "play shall continue until the visiting team has scored more total runs than the home team at the end of a completed

Extra innings - Wikipedia  
From 2018 through 2019, only about 28% of extra innings games went longer than 11 innings, and only 6% went 15 innings or longer. Still, that ' s a few hundred games of nearly unwatchable baseball.

Batter up! Football, basketball, and now baseball—is there anything the Barber brothers won ' t try their best to do? The Barbers join the baseball team in this home-run adventure from NFL superstars and bestselling authors Tiki and Ronde Barber. Tiki and Ronde have their sights set on a big diamond—a baseball diamond! Sure, they ' re experienced athletes, but they ' ve never played baseball before. Do they have what it takes to make the team?

In 1996, a brassy young team of fans produced a guide to baseball statistics. Printed on a photocopier, its distribution, which was in the low hundreds, was limited to friends, family, and die-hard stat heads. Sixteen years later, the Baseball Prospectus annual regularly hits best-seller lists and has become an indispensable guide for the serious fan. In Extra Innings, the team at Baseball Prospectus integrates statistics, interviews, and analysis to deliver twenty arguments about today ' s game. In the tradition of their seminal book, Baseball Between the Numbers, they take on everything from steroids to the amateur draft. They probe the impact of managers on the game. They explain the critical art of building a bullpen. In an era when statistics matter more than ever, Extra Innings is an essential volume for every baseball fan.

Extra Innings tackles the question of how writing about baseball has shaped our understanding and misunderstanding of the national pastime. In a series of astute reflections on baseball histories, biographies, personal reminiscences, and fiction, Richard Peterson explores the shifting balance of romance and fact in standard baseball histories, offers a lively discussion of baseball fiction, and assesses the realism of postmodern baseball writing. He discusses the influence of Jackie Robinson on the serious baseball novel and the reluctance of baseball fiction to treat race issues realistically. He also surveys baseball fleeting appearances in the literary canon and suggests a "top nine" reading list for the baseball aficionado. Slicing away the myths and distortions of baseball's bizarre history, Extra Innings.

In the year 2092, Ted Williams, the greatest baseball hitter of all time, is brought back to life through the science of cryonics. Once again playing for the Red Sox, Williams finds himself trapped in a world he hardly recognizes: the corruption of the game he loves with uber-juiced batters and robot pitchers; difficult love affairs clashing with his old desires; and a military conflict of the future in which he must harness the fighter pilot skills he used in his first life. Dr. Elizabeth Miles is the cryonicist who brings him back to life, initiating a dramatic sequence of medical achievements. She and her young son Johnnie are a constant reminder of what Williams lacked in his first trip around the bases, never devoting much time to love and family. But old habits die hard. With enemies and allies both on the field and off, Williams must make sense of it all and play on against a machine that he detests, pressure to take the "giddyup" he abhors, unrelenting media mania, and a dystopian world he cant ignore. The narrative resonates with the consequences of the major issues we face in our world today-the steroids debate in sports, global warming, corporate greed, technology run rampant, and the moral ambiguity of war. Extra Innings is alternately poignant and humorous, heartbreaking and joyous. Thought-provoking throughout, its a rollicking ride that looks at second chances and redemption, the ability to triumph over adversity, and the search for meaning in this life and the next. Flawed in his first life, Williams must decide in the second whats more important, the chance to win his first World Series, or the chance to be a better man? The Greatest Comeback of all Time is More Than Just a Game.

The writer offers a poetic, profound record of an ordinary, yet active, year in her later life, filled with literary events and travel, the natural beauties of coastal Maine, and the shadow of illness and mortality. Reprint.

After an airplane crash that claims the lives of most of his family, sixteen-year-old Tate finds unexpected solace in the stories of his great-aunt Vidalia's childhood travels with a Depression-era Negro League baseball team.

A New York Times Bestseller The inside story of how Pete Rose became one of the greatest and most controversial players in the history of baseball Pete Rose was a legend on the field. As baseball's Hit King, he shattered records that were thought to be unbreakable. And during the 1970s, he was the leader of the Big Red Machine, the Cincinnati Reds team that dominated the game. But he's also the greatest player who may never enter the Hall of Fame because of his lifetime ban from the sport. Perhaps no other ballplayer's story is so representative of the triumphs and tragedies of our national pastime. In Play Hungry, Rose tells us the story of how, through hard work and sheer will, he became one of the unlikeliest stars of the game. Guided by the dad he idolized, a local sports hero, Pete learned to play hard and always focus on winning. But even with his dad's guidance, Pete was cut from his team as a teenager--he wasn't a natural. Rose was determined, though, and never would be satisfied with anything less than success. His relentless hustle and headfirst style would help him overcome his limitations, leading him to one of the most exciting and brash careers in the history of the sport. Play Hungry is Pete Rose's love letter to the game, and an unvarnished story of life on the diamond. One of the icons of a golden age in baseball, he describes just what it was like to hit (or try to hit) a Bob Gibson fastball or a Gaylord Perry spitball, what happened in that infamous collision at home plate during the 1970 All-Star Game, and what it felt like to topple Ty Cobb's hit record. And he speaks to how he let down his fans, his teammates, and the memory of his dad when he gambled on baseball, breaking the rules of a sport that he loved more than anything else. Told with candor and wry humor--including tales he's never told before--Rose's memoir is his final word on the glories and controversies of his life, and, ultimately, a master class in how to succeed when the odds are stacked against you.

Joining the baseball team, football players Tiki and Ronde wonder if their achievements in other sports will help them through a winning season despite their lack of baseball experience.

A New York Times Notable Book: A moving glimpse of a life shrewdly examined Extra Innings follows a year in the life of Doris Grumbach, beginning with the release of her previous memoir and journal, Coming into the End Zone, and revealing that the devoted essayist, novelist, and critic possesses as keen an eye in her seventies as she did when she wrote The Spoil of Flowers thirty years earlier. Grumbach details each passing month and the trials and tribulations therein. Age and experience have tempered her anger, allowing her to view the world in a rosier light than she has before. In this eventful period that concludes with her move from Washington, DC, to Maine, Grumbach travels between signings and speeches, describes her home life in a new state, and deals not only with her own mortality, but with that of her daughter. Grumbach ' s wisdom and wit endure as she looks back on her own memories, seeing the world as only Doris Grumbach can.
